SUBJECT: City fixes fourth water main break since February 5

BY: Kate Van Daele, Public Information Officer

City fixes fourth water main break since February 5

[Duluth, MN] City of Duluth Utility Operations crews have fixed the fourth water main break in three days. The most recent break occurred at 9522 Grand Avenue. Crews were alerted to the break this morning and have since been on site and fixed it. Water has been restored to those who were affected.

“Unfortunately, water main breaks are very common during this time of the year,” said Utility Operations supervisor Chris Kleist. “Our staff is very experienced and equipped to deal with these types of issues, and is committed to restoring water service as quickly as we can.”
